

20-Hour Private GED Science Intensive

Price Starts: 17,000 Baht

Course Description

Ace Your High School Science Equivalency: Master Data Interpretation and Scientific Reasoning 1-on-1 with Our Elite Tutors (Kru Aueng / Kru Nay / Kru Kung)

Fast-track your high school equivalency credential with our results-driven 20-Hour Private GED Science Intensive course. This highly customized, private 1-on-1 live online program on jointedu.net is carefully structuralized to transform the way students approach scientific texts and experimental data. Guided by our premier science and language specialists Kru Aueng, Kru Nay, and Kru Kung this curriculum bypasses raw memorization and focuses heavily on practical exam-taking mechanics.

Key Highlights:

Top-Tier Subject Specialists: Benefit from dedicated, interactive live mentorship from start to finish. While each tutor fully conducts their own comprehensive curriculum, parents enjoy the ultimate flexibility to specifically request shared-module learning or select the tutor that perfectly aligns with the students academic pace.

Deconstructing Complex Scientific Passages: Overcome the language barrier of advanced science terminology. Our tutors train students to systematically break down dense reading materials across Life Science, Physical Science, and Earth Science, teaching them how to pinpoint hypotheses and findings efficiently.

Experimental Graphs & Statistics Hacks: Master data literacy. Learn specialized analytical tactics to rapidly interpret experimental designs, variables, charts, and data tables, alongside the fundamental mathematical reasoning required to solve embedded data-driven questions with total accuracy.

Included: Personalized Study Plan Past Paper Practice Mock Exams Expert Tutors
